WAYS OF WORKING

SUMMARY

Frontend developer with **10+ years of experience**. Most recently led the shared HubSpot theme that powers the websites of **50+ companies** across the Visma group. Comfortable across the full delivery cycle — planning, development, QA, CI/CD and customer support — with a recent focus on embedding **agentic AI** into everyday development workflows.

EXPERIENCE

Lead Frontend Developer · Visma

Apr 2023 – Oct 2026

Porto, Portugal – Remote

- **Led the custom HubSpot theme** powering the websites of 50+ companies across the Visma group.
- Owned the project end to end — planning, prioritisation and delivery, tracked in Jira.
- Developed and maintained the shared theme and component library used across all sites.
- Managed the Azure DevOps deployment pipeline for reliable, repeatable releases.
- Ran QA and supported the internal teams building on the theme.
- Introduced agentic AI into the workflow with Claude Code — speeding up delivery and cutting manual work.

Frontend Developer · YouLead

Jul 2022 – Mar 2023

Porto, Portugal

- Built a custom HubSpot theme for one of Portugal's leading insurance companies.

Project mgmt · QA · Customer support · Agile

LANGUAGES

Portuguese	Native
English	C1 / C2

Frontend Web Developer · TechnologyCatalogue.com

Mar 2020 — Jun 2022
Delft, Netherlands

- Developed and maintained the platform with Drupal, Sass and Twig templates.
- Worked in a distributed team using GitLab and Jira.

Software Developer · Glintt Healthcare Solutions

Feb 2018 — Aug 2018
Porto, Portugal

- Built healthcare software with PL/SQL and Oracle Forms.

Software Developer · Glintt Software Solutions

May 2017 — Feb 2018
Porto, Portugal — Internship

- Developed enterprise software with PL/SQL and Oracle Forms.

Web Developer · Fastluza

Feb 2016 — Mar 2017
Porto, Portugal

- Built and maintained websites with WordPress, PHP (Laravel) and JavaScript (jQuery).
- Started as an intern before moving into the role.

Freelance Web Developer

2013 — Present
Porto / Remote

- Delivered websites and web apps for a range of clients using HTML, CSS, JavaScript, PHP, Node.js, React, Shopify and WordPress.
